-  An overview is prepared by the Task Force on FIG and the SDGs together with the commission chairs, to identify the relevant SDGs for each FIG commission.
-  Boxes where the X is marked **green** indicate that the Commission can also contribute with collecting data or measuring one or more of the indicators related to the SDG.
-  This overview will be part of the other activities of the Task Force.

Inform & Inspire FIG Community on SDGs on FIG website and FIG Communication channels

- 🌍 Within the FIG Community a lot is being achieved and developed in relation to the SDGs
- 🌍 Role of FIG to give the FIG community access to the latest updates, relevant publications and information about the work of the FIG members and the FIG partners on the SDGs

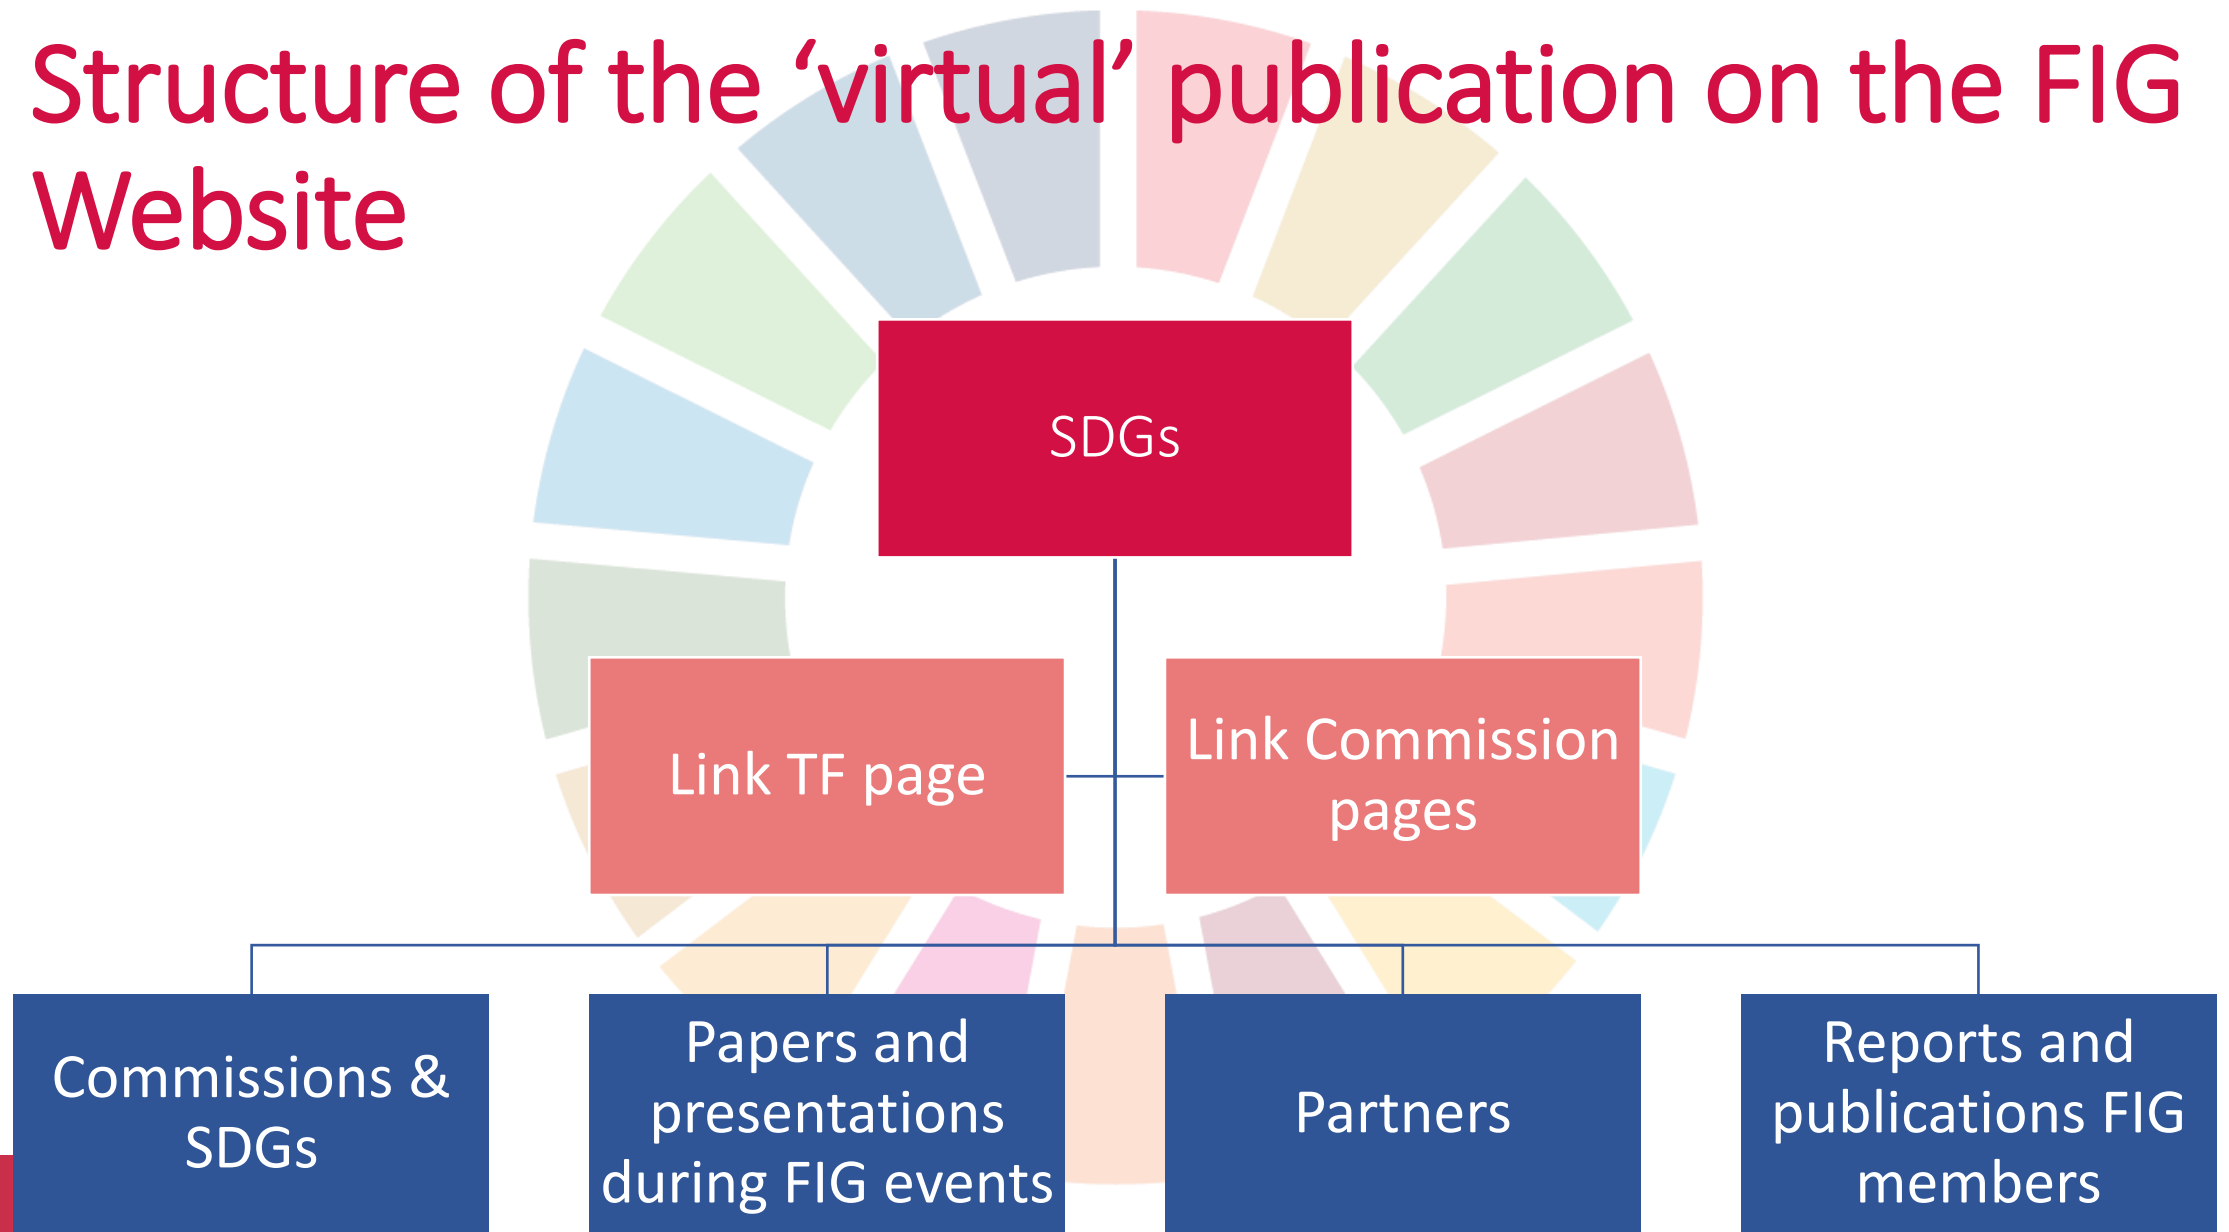

Taking the above in account, resulted in the decision to prepare a special section of the FIG Website for a **‘virtual publication’ with regular updates on the SDG’s for and from the FIG Community.**

'Virtual publication' on FIG Website

On this page the FIG community can find information about the relevant SDGs:

- 🌐 Relevance of the SDGs for the FIG community
- 🌐 How the SDGs and the work of commissions are connected
- 🌐 Overview of papers and contributions during FIG events.
- 🌐 Overview of relevant partners and stakeholders, specifically on the SDGs
- 🌐 Links to relevant publications from FIG members

Structure of the 'virtual' publication on the FIG Website

Provide leadership

- 🌐 Message of the president on the importance of the SDGs and FIG
- 🌐 Highlighting SDGs on the homepage (with a link to the SDG sub-page)
- 🌐 Making it a structural element in the FIG newsletter
- 🌐 Highlight relevant SDGs on commission pages (with a link to the SDG sub-page)
- 🌐 Social Media plan on the SDGs & FIG delegates
- 🌐 Standard element in each FIG event
- 🌐 Highlighting partnerships (GLTN, LandPortal, UNGGIM, etc)

Deliver (meta) data enabling SDG related performance to be measured

Deliver (meta) data enabling SDG related performance to be measured

- Follow up with each commission on their role toward achieving the SDGs and how they can contribute to the delivery of (meta) data
