THE FIG FOUNDATION

2001 - 2021*

This year marks the 20th anniversary of the FIG Foundation. On 11 May 2001, at its last session of the FIG Working Week in Seoul Korea, the FIG General Assembly endorsed the statutes of the FIG Foundation, established by transferring the former Education Foundation from Australia to the FIG office in Denmark.

The first FIG Foundation Board of Directors consisted of Holger Magel (Germany) as President with Directors Stig Enemark (Denmark), Iain Greenway (Ireland), John Hohol (USA), Ian Williamson (Australia).

## Administration

The FIG Foundation is located in and administered by the FIG Office in Copenhagen.

A Board of Directors chaired by the President of the FIG Foundation makes the decisions of the Foundation.

The Board of Directors is appointed by FIG Council.

## Purpose

The purpose of the FIG Foundation is the funding of educational and capacity building projects and scholarships.

The FIG Foundation raises funds to secure a sustainable future for surveyors.

Donations finance educational and capacity building projects and scholarships, especially in developing countries and countries in transition, and encourage research into all disciplines of surveying and help disseminate the results of that research.
