

**Coflas:
Costing and Financing of Land Administration
Services in Developing Countries**

Opening remark – 7 minutes

Kees de Zeeuw
Director Kadaster International

kadaster
feitelijk verrassend

Costing and finance

- Coflas
- The need
- Equalizer principles
- What are the variables
- What are the criteria
- How to get there

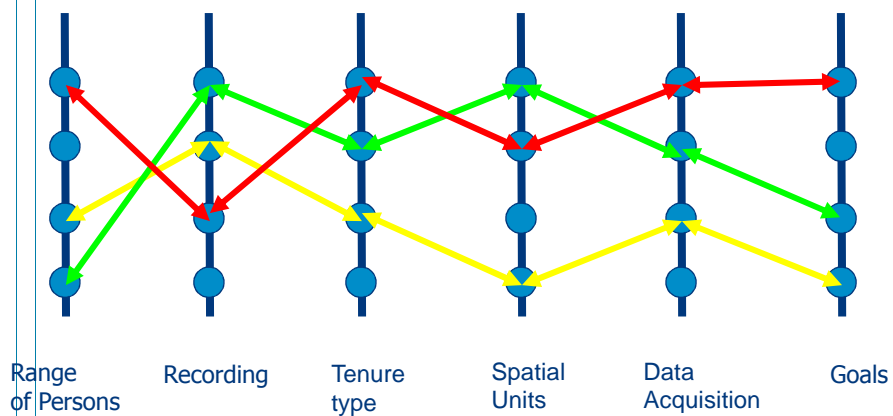

kadaster

The need

- To know the impact before you start
- The best is not the optimum
 - Professionals are educated for the best
- How to explain policy makers
- Continuum of rights is just one of the aspects
- Framework and guidelines

kadaster

Fitness for purpose 'Equalizer'

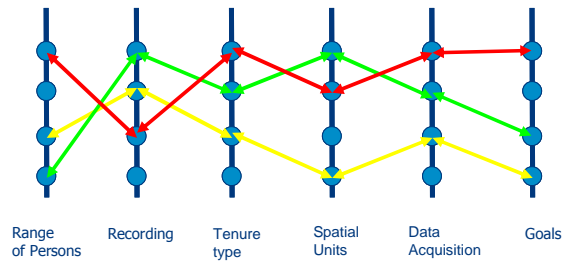

"Master volume": Corruption?

kadaster

Criteria

- Quality
- Cost
- Time

- Land revenue or R o I

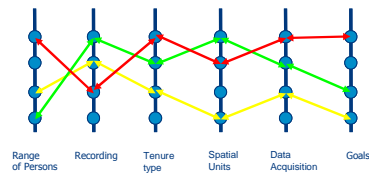

kadaster

Requirements

- Standards (LADM/STDM)
- Software
- Capacity

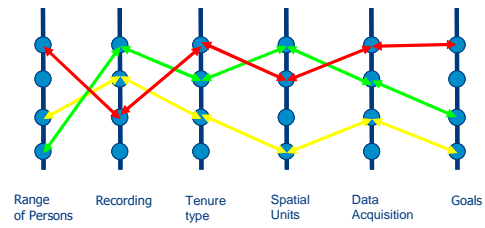

- Scalability
- Political support
- Financing (reasonable)

kadaster

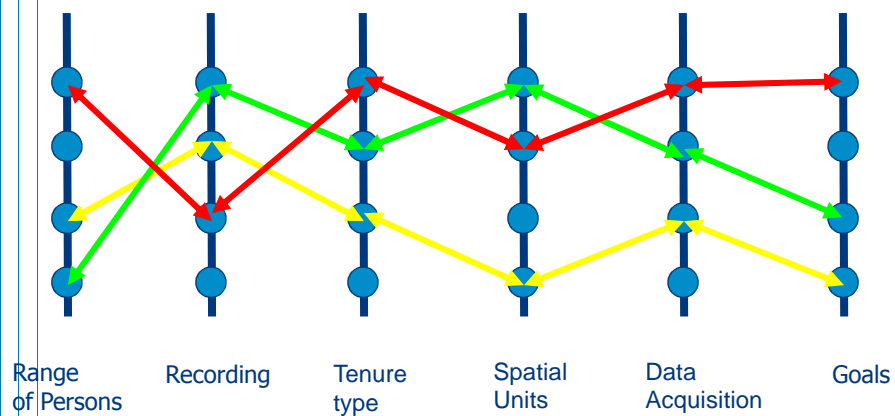

How to get there?

- Define the sliders
 - Discussion
- Define the ranges of the sliders
 - Discussion
- Define financial ranges based on use cases
 - Research work

kadaster
