

Chair Brian Coutts Commission Presentation

FIG Congress
Istanbul, Turkey

Commission 1- Overview

- Work Plan:
 - Commitment to and involvement with the IECS
 - Women in Surveying
 - Research underway
 - To be continued
 - Publication to enlarge on Publication 59
 - International Boundary Settlement and Demarcation
 - To be continued

Commission 1- Overview

- Forum on Engaging Private Practice
 - Despite the proposal coming from members, it did not attract support from individuals and so was disestablished in 2016
- Forum on Mutual Recognition
 - Proposed to be moved to the Regional Capacity Development network, as an issue best discussed at the regional level.
- Biennial newsletters to Member Associations

Comm 1 Message to Members

- Commission 1 is a prime body for the introduction or of new or innovative ideas or developments that do not fit within any existing Commission.
- It has “spun-off” a number of existing bodies, the latest of which is the Young Surveyors Network.
- There is a paper on this topic in TSo5A – paper 9594
- It can be made more use of in this respect:
 - e.g. A Women in Surveying network.
